Indeed, our "**Friends**" are both our collaborators and our customers, who **are treated like good friends** when they come and visit us. We are proud to show you our **native land and its beauty** and we are **happy to design bespoke itineraries** for your Tuscan stay.

We operate in an area called "**Terre di Pisa**" that is **very representative of the Tuscan countryside.** It is a **small area of Tuscany where you will find a wide variety of interesting and typical Tuscan tours and activities to do in a matter of a few kms.** And this fact is unique! There are no other areas of Tuscany that can offer so much to see and do in such a small area.

This enables us to **support local farms** offering wine and food and cultural day tours, designed for visitors who want to **visit the real Tuscany, feel like home,** spend a day as a family, visit **authentic hilltop villages, castles and private villas,** meet excellent **wine/olive oil/cheese /truffle/pasta/saffron producers** and above all, have access to destinations that are **out of the mainstream mass-tourism industry** and stay away from overtourism.

Our tours and guided visits to local farms, producers and to historical towns are led only by the internal staff of Arianna & Friends and some chosen collaborators, who are also our friends. With us you are 100% guaranteed not to have just "any" guides **but to have the best guides, who are knowledgeable, passionate, enthusiastic & fun.** We are convinced that **it's the people that make the difference in your tour experience.** Wouldn't you agree?

The local producers we work with have become our friends and they work with **passion and devotion** and are ready to share their knowledge with you. You will get to meet them and learn about their life, their company, their choices, and philosophy. We want to offer you a **very personable and authentic experience** and this is why we have selected what we consider to be the most suitable destinations to make you **feel at home** yet experience and **absorb all aspects of our culture.**

We also organize **private chef services, cooking classes,** private transportation, small civil and symbolic weddings, trekking and e-bike tours. We are renowned for arranging packages with **tickets to Teatro del Silenzio** for the annual event by **Andrea Bocelli** in Lajatico and also for offering **vespa tours** including the visit to the Piaggio museum that is very close to us.

Our aim is that **at the end of a day with us you feel part of a community, learn the various aspects of our culture and become our friends,** whom you can meet any time you return to our beautiful region. Let us help you build **memories that you will have for a lifetime!**

As one of our guests said: "With Arianna & Friends, you arrive as a friend and leave as family!"

F42. WINEMAKER FOR A DAY NEW 2026 ♥

There are many ways to taste wine in Tuscany, but there is only one way to *live* it. This is **one day working together with the winemaker**. We collaborate with two very small wineries that are happy to welcome you, where **the winemaker personally spends the day with you** and shares what his farming life truly looks like.

One winery is near San Miniato, where you will meet the winemaker *Francesco*, an oenologist and agronomist. You will discover his devotion and **passionate approach to organic and biodynamic winemaking**.

The other is near Terricciola, where the winemaker *Giuseppe* grows only Tuscan grape varieties to produce bold and excellent wines. With his genuine attitude, he **shares his lifetime of experience and his work in the cellar**.

What needs to be done today? The season decides.

You may help select the best buds for next vintage, tie the vines, work the soil or seed to enrich the ground, rack the wine from one tank to another, taste wine directly from the barrel with the *wine thief* (long glass pipe to take wine from barrel), check barrels and tools, do some maintenance work, label the bottles.

You wear gloves and boots, you use real tools, you smell the wine when it is moved, you touch the plant. It is simple, practical and authentic, no show. Nothing is staged.

After the work, you **sit at the table together with the wine maker** Francesco or Giuseppe for a **homemade lunch** and a **guided tasting of their wines**. You can ask questions, speak about the vintage, the difficulties, the choices in vineyard and cellar.

This experience changes during the year, as it depends on nature. This authentic experience reveals the unseen work behind every glass.

Making great pasta is about care, selected ingredients, **slow processing, and deep respect for tradition**. We will visit a historic **pasta factory founded in 1860**, still owned and managed by the same family, now in its fifth generation, located near the beautiful town of San Miniato. After the visit, enjoy **lunch at the factory's elegant restaurant**, including two pasta dishes.

The journey continues beneath the hilltop town of Montopoli, inside an **extraordinary underground aging cellar**. Here, one of Tuscany's rarest delicacies is preserved: a **special prosciutto aged for up to seven years**.

Made from free-range grey pigs and cured using ancient pre-refrigeration methods, the **ham matures slowly with wine and ash**, creating a natural microclimate. Time is the essential ingredient; together with patience, air, and craftsmanship transform it into something exceptional.

During an intimate tasting, you will understand why this prosciutto called Stradivario is considered a masterpiece. Silky in texture and elegant in flavor, it develops slowly on the palate, balanced, refined, and impossible to rush.

Our private tour begins with a guided visit to a local cheese factory, one of the region's most important producers of high-quality cheese. In 1955, a father and son, both shepherds, started the business with a small production facility. Today, **Stefano and his children continue the family tradition**, combining ancient methods with modern innovation to create outstanding products.

You will discover how cheeses are made **using cow's, goat's, and sheep's milk, with a remarkable selection of up to 73 varieties**. After the visit, enjoy a tasting of five cheeses and fresh ricotta served with jams, water, and a glass of wine.

To enrich your lunch, you may choose one main dish: potato gnocchi, stuffed ravioli, mini meatballs, or a selection of bruschettas with six toppings.

A Panoramic Winery and Terroir Wines

In the afternoon, the tour continues at a panoramic winery in Northern Maremma, about 180 meters above sea level, influenced by the nearby sea. **The diverse soils, calcareous, marine-origin, volcanic, and clay, give the wines a strong identity** and deep connection to the land. Nature plays the main role, while the winemaker carefully observes and works in harmony with it, guiding the grapes without forcing them. The result is **elegant, expressive wines that truly reflect the terroir**.

You will walk through the vineyards, visit the cellar, and learn about the winemaking process, followed by a **tasting of four representative wines** paired with focaccia, tomato bruschetta, and local salami.

F.36 RARITIES IN TUSCANY: PROSCIUTTO MUSEUM & TRADITIONAL OLIVE MILL

We aim to create unforgettable and **truly unique experiences** for you in Tuscany. Our region is filled with hidden gems that offer a great opportunity to explore and get a deeper understanding of our history and traditions. With this private tour, our expert guide will take you to visit **two extraordinary places: a one-of-a-kind Prosciutto Cellar & Museum** and **one of the few remaining traditional olive mills in the region**, where **stone wheels** are still used to crush olives, just as they were in ancient times.

The first place we'll visit is called the "Museo dello Stradivario." Contrary to what the name might suggest, it doesn't showcase violins or musical instruments but rather a **very special kind of prosciutto that is aged in wine barrels and ashes for 60/70 months.**

The museum is located in a truly distinctive location, the **undergrounds of the hilltop town Montopoli**. This unique "**Stradivario**" prosciutto is made from free-range grey pigs and nurtured with ash, just as it was done in the past before refrigeration existed, and matured in wine barrels, creating a truly unique flavor that is rare to find anywhere else.

Here, we will **taste some of this special prosciutto** along with other specialties from the town's butcher, whose hard work and passion brought this unique museum to life. The tour can be extended for a full lunch experience, **adding the famous T-Bone Steak** and a side dish. You'll have the opportunity to explore the butcher's cellar, which houses a **marvelous collection of top-quality wines**. You can select your favorite bottle and purchase it à la carte to make the experience truly memorable.

We will visit an olive oil mill unlike any other available today. Here, olive oil is produced primarily using ancient techniques, much like our ancestors, dating back to the Etruscans, used to craft this precious ingredient. Only at this mill can you witness two nearly forgotten steps in the olive oil-making process: **the use of traditional stone wheels to crush the olives and the pressing with traditional fiber mats called "fiscoli" to extract the first juice** from the crushed olives. These steps, which are no longer part of modern machinery, provide a rare glimpse into the artisanal methods of the past. We'll taste some of the delicious olive oil produced here.

ANDREA BOCELLI'S TEATRO DEL SILENZIO 2026

If you're a fan of **Andrea Bocelli**, there's no better way to enjoy his fascinating voice than by attending **his annual show in Lajatico, his hometown**.

The event takes place on 23rd and 25th July 2026. We offer comprehensive **packages with show tickets, transportation to the venue** (available in both private and shared options), and, if required, **accommodation** in nearby hotels, B&Bs, and resorts.

The venue itself is an **enchanted natural amphitheater nestled amidst the picturesque Tuscan hills**, with the stunning skyline of Volterra serving as a backdrop. Just before the show commences, the sunset bathes the surroundings in a romantic glow, creating a **truly magical atmosphere**.

Some packages also feature a **pre-show dinner at a local winery**, complete with wine tasting against the scenic backdrop of the Tuscan hills.

Lajatico, a quaint village with only 1000 inhabitants, transforms during this special event, attracting 10-12,000 people. **It's a unique moment for the small community and the surrounding areas**. We ensure timely arrivals and minimize the impact of inevitable traffic, ensuring a seamless experience for all attendees.

Andrea envisions this event as a one-of-a-kind, once-in-a-lifetime experience. The maestro and other participating artists curate a special evening that also includes opera, revolving around a specific theme that changes annually.

Prices vary based on ticket category and the type of transportation selected, allowing for flexibility according to individual preferences.
